SCHOOL OF BUSINESS AND MANAGEMENT,
BANDUNG, WEST JAVA,
INDONESIA

Emerging Triple Helix Models For Developing Countries: From Conceptualisation to Implementation

P L E N A R Y S E S S I O N S :

“Strengthening National Innovation Policies in Developing Countries”

◆ *How developing countries generate general consensus in society by positioning academics, businesses, and the government as new cores for their economic innovation, and keep the ongoing*

Day 1

“Building Institutional Infrastructures”

◆ *How should developing countries pursue realistic infrastructure improvements that truly work for them - how academics, businesses, and the government take role in this issue?*

Day 2

“Success Stories: Enhancing the Relevance of the Triple Helix Model”

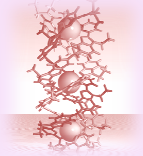

◆ *Aspired to inspire: Can universities take the lead in realising economic innovation? How can the triple helix model be enhanced to spur innovation at the bottom of the pyramid?*

Day 3
